

Union of Exceptional Technologies

- ▶ Allows unrestricted access for surgical speed and efficiency
- ▶ Simplifies specimen retrieval
- ▶ Provides 360° of atraumatic retraction and protection¹⁻²
- ▶ Offers trocar access for unparalleled versatility

GelPort®

Laparoscopic System

GelPort® Laparoscopic System

Enabling Design

- Offers unparalleled access for rapid dissection and mobilization of tissue
- Facilitates a Pfannensteil approach to optimize advanced procedures
- Facilitates simple and rapid set up

Alexis® Wound Protector/Retractor

- Adjusts to retract varying abdominal walls and different incision sizes
- Offers 360° of atraumatic retraction and protection¹⁻² for enhanced exposure and access
- Simplifies extracorporeal resection and specimen retrieval
- Allows clear visualization of wound margins

GelSeal® Technology

- Enables unlimited hand and instrument exchanges while maintaining pneumoperitoneum
- Accommodates trocar insertion for enhanced versatility and patient cosmesis
- Features small profile for limited abdominal space
