## TERMS AND CONDITIONS

1. **Payment:** Net 30 days from invoice date. A 2 percent per month finance charge will be charged for payments not received within the 30-day period. In the case of customers who have invoices outstanding after 60 days, Applied may choose to assign them a "hold" status and may allow shipments on a COD or prepaid basis only. Applied Medical will also accommodate "just in time" suppliers or distributors if this is the customer's preference or if the payment terms present a difficulty.
2. **Freight Charges:** Applied Medical waives ground shipping charges on orders greater than or equal to \$2,500 to a single destination. Freight charges on orders less than \$2,500 are prepaid and billed (FOB shipping point), and orders are shipped ground unless the customer instructs otherwise. All orders using consignee billing will be charged to the consignee account.
3. **Shipping:** Orders received by 12:00 p.m. PST will ship the same business day. Orders submitted after 12:00 p.m. PST will ship the next business day.
4. **Price Changes:** Prices are subject to change without prior notice. All applicable taxes will be charged.

## RETURNED GOODS POLICY

1. Unused products can be returned to Applied Medical within thirty (30) days of the shipping date and must be received at Applied Medical within thirty (30) days of the date on which a Return Goods Authorization (RGA) number was issued. Products must be returned in original, salable condition to receive credit. A 22.5 percent restocking and handling fee will be charged unless a product was shipped in error by Applied Medical.
2. The customer must receive an RGA number issued by Applied Medical's Customer Relations department prior to returning any product to Applied Medical. The customer should include the RGA number on the outside of the shipping carton.
3. Credit value at the invoice purchase price will be issued for authorized returns upon confirmation of final inspection at Applied Medical. Customers should include a copy of the original packing slip or invoice with any returned product.
4. Applied Medical requires notification by the customer of any used product being returned for evaluation. A Customer Experience Report (CER) must be completed in full and submitted to Applied Medical within 24 hours of product use. Used products returned to Applied Medical must be decontaminated and packaged for safe handling. Applied Medical's field representatives are prohibited from picking up a product that does not meet these criteria. Credit value will be issued for any returned product that does not meet specifications upon evaluation by Applied Medical.
5. Any product received at Applied Medical that does not meet all of the above conditions will be returned to the sender at the sender's expense.
